PRICES/DELIVERY SCHEDULE

1. Name and date of Offeror's current catalog for the items the Offeror proposes to provide in response to this RFP.

2. Please identify the Offeror's propose items from this catalog.

3. What discount/percentage off that the Offeror will provide Arizona in response to this RFP? _____ %

4. Please provide a price per student tested, which is calculated, based on the above offer. The grantee sites will score the assessments themselves, manually or with the use of appropriate electronic equipment, which is provided by the grantee. Use of this electronic equipment will require Offerors to provide scoring software that is compatible with the electronic equipment for each grantee. Results and reports may be generated on-site by the grantee or results may be sent by grantees to the Contractor and Contractor will then generate required reports and send results to grantees. Price per student is all-inclusive of the assessment process, e.g. includes price for tests and answer sheets/booklets, delivery to sites statewide, scoring aggregation, and reporting. *The data collected during the assessment process and reported to ADE will occur twice during the assessment process once at entry and once at exit.* The price per student tested is a figure of merit for proposal evaluation purposes. This figure of merit is an important factor in the state's award determination, and the Offeror/Contractor agrees that by providing it, the state and Arizona grantees may consider it as not-to-exceed price.

5. Please provide a price per teacher/administrator trained which is calculated, based on the above offer. The grantee sites will score the assessments themselves, manually or with the use of appropriate electronic equipment, which is provided by the grantee. Use of this electronic equipment will require Offerors to provide scoring software that is compatible with the electronic equipment for each grantee. Results and reports may be generated on-site by the grantee or results may be sent by grantees to the Contractor and Contractor will then generate required reports and send results to grantees. Price per teacher/administrator is all-inclusive, e.g., statewide training on administration of the assessment, scoring and reporting, and training materials. The price per teacher/administrator trained is a figure of merit for proposal evaluation purposes. This figure of merit is an important factor in the state's award determination, and the Offeror/Contractor agrees that by providing it, the state and Arizona grantees may consider it as not-to-exceed price.
